

Type: Single Size Plug
Model:PP300
Applicable Size: only DN300

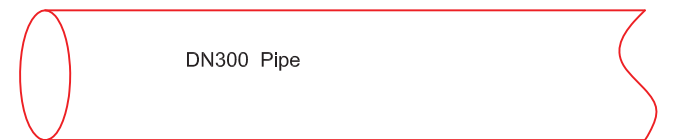

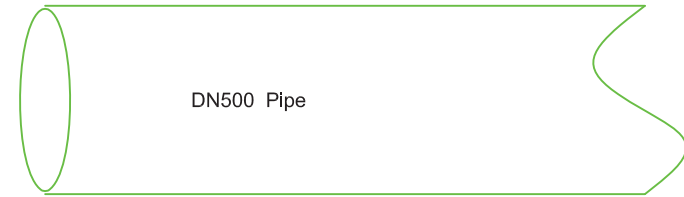

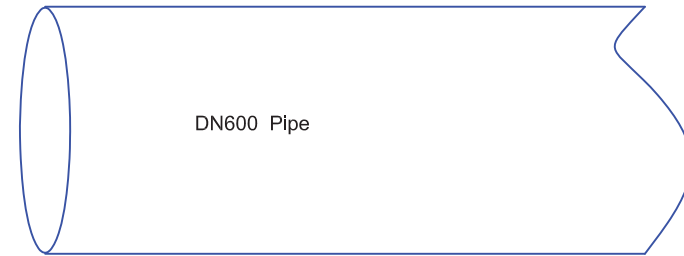

Air filling port to inflate the plug.
But that will not change the size of the plug and this plug can be applicable for only DN300 pipes.

Type: Multiple Size Plug
Model:PP300600
Applicable Size: Any size between DN300 up to DN600 (DN300, DN400, DN500, DN600)

Air filling port to inflate the plug.
The size of the plug getting larger when it start to fill by air.
The size of the plug to be change between 300mm up to 600mm. So that plug to be applicable to any size of pipe from DN300 to DN600.
